

PRODUCT INFORMATION SHEET

Product: SYNTECH 15W/50 API SL / CF
(Product Code 109)

Description: Syntech 15W/50 is a full synthetic multi-grade oil recommended for all climate applications. It is designed to meet the requirements of large capacity petrol engines used in the most arduous conditions and also all diesel engines, where a CF classification oil is recommended.

Recommendations: Syntech motor oil protects today's high output engines, including those that are turbo charged, as well as the large 6 and 8 cylinder engines. It is formulated to protect engines that have been converted to use LPG.

Characteristics:

Viscosity @ 40 °C cSt	115.5
Viscosity @ 100 °C cSt	17.9 (Typical)
Viscosity Index	170
Density @ 15 °C kg/L	0.853
Flash Point °C	>220
Pour Point °C	- 40
TBN mg KOH/g	7.7
SAE Grade	15W/50

Pack Sizes: 205 litre, 20 litre, 5 litre, 1 litre

(Based on performance data provided by additive supplier.)
